OBJECTIVE

Seeking an opportunity to apply my skills in web development and project innovation. Eager to learn, build scalable applications, and solve complex technical challenges.

EDUCATION

Adhiyamaan College of Engineering, Hosur

Bachelor of Engineering in Computer Science,
Cum. GPA: 77.86%

St Joseph's Matric Hr Sec School Mookandapalli, Hosur

Completed HSC with Percentage of 77%

Sahayamatha Matric Hr Sec School, Chengam Thiruvannamalai

Completed SSLC with Percentage of 90.4%

PROJECTS

Online Course Portal:

- Developed a responsive front-end web app for course exploration using HTML, CSS, and JavaScript, ensuring cross-device compatibility and improved accessibility.
- Implemented real-time search with dynamic filtering to streamline course discovery, reducing average search time by 40%.
- Optimized UI performance by applying best practices like lazy loading and asset minification, resulting in faster load times and higher user retention.

Online Job Portal:

- Built a job portal web application enabling employers to post jobs and candidates to apply, with structured listings including roles, descriptions, skills, locations, and salary ranges for transparent decision-making.
- Engineered secure form handling and data validation mechanisms to protect user inputs and ensure system integrity across sessions.
- Integrated features for job type categorization (full-time/part-time), salary visibility, and required skill tags, enhancing search precision and user experience.

Smart Career Coach :

- Developed and deployed a responsive career coaching platform offering resume building, ATS checks, mock interviews, and portfolio

creation, enabling a streamlined end-to-end job preparation experience.

- Integrated real-time feedback systems and dynamic user flows, resulting in a 45% increase in user engagement and improved candidate performance in resume evaluations and interview simulations.
- Designed intuitive, accessible interfaces with a focus on usability and personalized guidance, contributing to higher platform adoption and improved job placement success rates.

EXPERIENCE

Galah Technologies—Internship | June 2025-July 2025

- Developed responsive and interactive web interfaces using HTML, CSS, JavaScript, and Bootstrap for real-time applications.
- Collaborated with a cross-functional team to design, implement, and debug dynamic web pages with seamless cross-browser compatibility.
- Gained practical experience with Git for version control, actively participating in code reviews and live project deployments

SKILLS

Programming Language : Java.

Database Technologies: SQL

Web Development : HTML, CSS, JavaScript .

Tools: GitHub ,Figma, Excel, Word.

Soft Skills: Communication, Teamwork, Creativity.

CERTIFICATIONS

NPTEL Swayam Certified in Java

Web Development Workshop

Internal Hackathon Certificate

Completed a 30-Day Masterclass in Full Stack Development

Completed a 30-Day Masterclass in UI/UX Design

LANGUAGES

English, Tamil, Kannada.

INTEREST

Web development

DECLARATION

I hereby declare that the above-mentioned information is true and accurate to the best of my knowledge and belief.
